

SPRINGFIELD COLLEGE
of Healthcare, Management & Technology

ADVANCED STANDING CREDIT TRANSFER

Graduates of other College and University level programs looking to apply their credits towards one of our programs will need to meet with our admissions department.

A transcript of marks and a course outline will need to be provided so that it can be evaluated for study content and course outcome. This is to ensure that the course taken is up to date and meets the same training outcomes as the course provided at Springfield College of Healthcare, Management & Technology.

Contact our Admissions Department at academics@springfieldcollege.ca or call at 905-216-1600 to set up an appointment with admissions officer.
